The Coors Brewing Company managed to survive Prohibition relatively intact. Years before the Volstead Act went into effect nationwide, Adolph Coors with sons Adolph Jr., Grover, and Herman established the Adolph Coors Brewing and Manufacturing Company, which included Herold Porcelain and other ventures. The brewery itself was converted into a malted milk and near beer production facility.

Enactivism argues that cognition arises through a dynamic interaction between an acting organism and its environment. It claims that our environment is one which we selectively create through our capacities to interact with the world. " Organisms do not passively receive information from their environments, which they then translate into internal representations.
