Billiards In Easy Stages By Willie Smith

I think Billiards is actually more useful this way but not anyone may share this opinion and this brings us to the second reason. As previously mentioned Billiards is not a standalone application but is actually layered on top of Techne, a programmable simulator and renderer and this makes it particularly easy to customize or extend Billiards.

Later, when he opened the billiard club (okay, in 1976 it was still a pool hall), I had the benefit of hearing what many of the great, and not so great, players thought about how to aim. In fact, it was a regular topic of discussion at Harold's, and new theories were tested weekly among the regulars; some plausible, others, well, just plain silly.
