Small Business Bookkeeping, Accounting, & Tax Guide

Accounting or accountancy is the measurement, processing, and communication of financial information about economic entities such as businesses and corporations. The modern field was established by the Italian mathematician Luca Pacioli in 1494. Accounting, which has been called the "language of business", measures the results of an organization's economic activities and conveys this ...

Accounting - Wikipedia

The budget process is the way an organization goes about building its budget. A good budgeting process engages those who are responsible for adhering to the budget and implementing the organization's objectives in creating the budget.
