You do not need to have this book in order to take Calculus at OCW.MIT.EDU. Some of the courses supply all the pages that you need to read. I bought this book so that I'd have additional problems to work on, and a book to review when I needed more information compared to what I had gotten from the lectures.

During the Golden Age of Islam, especially during the 9th and 10th centuries, mathematics saw many important innovations building on Greek mathematics. The most notable achievement of Islamic mathematics was the development of algebra. Other notable achievements of the Islamic period are advances in spherical trigonometry and the addition of the decimal point to the Arabic numeral system.
