Murano glass is glass made on the Venetian island of Murano, which has specialized in glassware for centuries. Murano's glassmakers led Europe for centuries, developing or refining many technologies including crystalline glass, enamelled glass (smalto), goldstone, multicolored glass (), milk glass (lattimo), and imitation gemstones made of glass. Today, the artisans of Murano continue these ...

Sculpture is the branch of the visual arts that operates in three dimensions. It is one of the plastic arts. Durable sculptural processes originally used carving (the removal of material) and modelling (the addition of material, as clay), in stone, metal, ceramics, wood and other materials but, since Modernism, there has been an almost complete freedom of materials and process.
