Inheritance

Brisingsr is the third novel in the Inheritance Cycle by Christopher Paolini. It was released on September 20, 2008. Originally, Paolini intended to conclude the then Inheritance Trilogy in three books, but during writing the third book he decided that the series was too complex to conclude in one book, because the single book would be close to 1,500 pages long.

I've never read Christopher Paolini's Eragon before now, but I've heard it compared to both Star Wars and Harry Potter. I know I can expect a young male chosen one. and (obviously) the dragon on the cover.. Perhaps a dragon named Eragon, as that's just "œdragon" with a letter swapped out?
