The Standard of Care is one of the most important constructs in medicine, in general, and in mental health including psychotherapy, social work, marriage and family therapy and counseling.

The Standard of Care in Psychotherapy and Counseling

Considered by some to be the greatest philosopher of the 20th century, Ludwig Wittgenstein played a central, if controversial, role in 20th-century analytic philosophy. He continues to influence current philosophical thought in topics as diverse as logic and language, perception and intention ...
