The meaning of work literature is the product of a long tradition of rich inquiry spanning many disciplines. Yet, the field lacks overarching structures that would facilitate greater integration, consistency, and understanding of this body of research.

### **On the meaning of work: A theoretical integration and**

The behavioral theory of the firm first appeared in the 1963 book A Behavioral Theory of the Firm by Richard M. Cyert and James G. March. The work on the behavioral theory started in 1952 when March, a political scientist, joined Carnegie Mellon University, where Cyert was an economist.. Before this model was formed, the existing theory of the firm had two main assumptions: profit maximization ...

This study was enthused by the premise that no nation grows further than the quality of its educational leaders and or educational managers. In this theoretical debate, the authors presented a moderately detail analysis of a theoretical research conducted on the need for African countries especially Nigeria to reform.
