The Climate of India comprises a wide range of weather conditions across a vast geographic scale and varied topography, making generalisations difficult. Based on the Köppen system, India hosts six major climatic subtypes, ranging from arid desert in the west, alpine tundra and glaciers in the north, and humid tropical regions supporting rainforests in the southwest and the island territories.

Recently I have been approached by some of my close friends to join some chain marketing company. Normally, chain marketing companies works on the principle of Pyramid Scheme.A pyramid scheme is a non-sustainable business model that involves the exchange of money primarily for enrolling other people into the scheme.
