A long-time market leader in this discipline, Slack has set the standards in Operations Management which other textbooks seek to emulate. Expert authorship, an engaging writing style, and an interesting collection of cases combine to communicate the importance of managing operations and processes within a successful organisation.

## **Operations Management - Nigel Slack, Stuart Chambers**

Operations management is important, it is exciting, and it is challenging. It is concerned with creating the products and services upon which we all depend and creating products and services is the very reason for any organization's existence, whether that organization be large or small, manufacturing or service, for profit or not for profit.
