Shift - Hugh Howey

Howey has split this book into two separate points of view that are nearly 200 years apart. This makes it easy for us to get to know the two main characters and to really get into their lives and story. Howey simply writes page turners and fun easy reads. This is a fun continuation of Wool and I cannot wait to read more. I highly recommend Hugh Howey.

Hugh Howey is a great idea man and the post-apocalyptic world of the Silos is a wonderful little playground with the potential for great stories. Unfortunately Howey's skills at character-building leave much to be desired and ultimately drags down the entire series.

SHIFT by Hugh Howey (Book Review) The Silver Ninja

Shift, as the impressive science fiction follow up to Wool, proves that Hugh Howey can write - and write well. This is a prequel, but is, in my opinion, better read after Wool in order to not destroy the unique aspects of reading Hugh Howey's first work.
