The Aetherius Society is a new religious movement founded by George King in the mid-1950s as the result of what King claimed were contacts with extraterrestrial intelligences, whom he referred to as "Cosmic Masters". The main goal of the believer is to contact these Cosmic Masters, who may help humanity solve its current Earthly problems and later allow them a place in the world to come.

The history of robots has its origins in the ancient world. The modern concept began to be developed with the onset of the Industrial Revolution, which allowed the use of complex mechanics, and the subsequent introduction of electricity. This made it possible to power machines with small compact motors. In the early 20th century, the notion of a humanoid machine was developed.
