study of the causes and context of the phenomenon of sexual abuse of minors by Catholic priests in the United States between 1950 and 2010. It is the second of two studies produced by researchers at John Jay College of Criminal Justice about sexual abuse by Catholic priests.

The Causes and Context of Sexual Abuse of Minors by

Once an individual has been the target of physical abuse, sexual abuse, neglect or any combination thereof, that individual has an increased potential for continued exposure to abuse and neglect. Bones (2013) observed that abuse and neglect set the stage for further abuse and neglect, and that early victimization leads to repeated episodes of victimization.
