In art, essentialism is the idea that each medium has its own particular strengths and weaknesses, contingent on its mode of communication. A chase scene, for example, may be appropriate for motion pictures, but poorly realized in poetry, because the essential components of the poetic medium are ill suited to convey the information of a chase scene.. This idea may be further refined, and it ...

Artificial intelligence has close connections with philosophy because both share several concepts and these include intelligence, action, consciousness, epistemology, and even free will. Furthermore, the technology is concerned with the creation of artificial animals or artificial people (or, at least, artificial creatures) so the discipline is of considerable interest to philosophers.

I often get emails from Nootropics Expert readers asking me what my favorite nootropic stack is. And what I use every day. This post is a detailed response to that question. NOTE: This review has been updated to reflect the changes to the Mind Lab Pro formula which was refreshed in early 2017.. Mind Lab Pro is by far the best nootropic stack I've ever used.

Mind Lab Pro Review – Why it's my preferred nootropic

The basic question at issue in the contemporary origins debate is whether or not the world was created. It could be tempting to simply put participants in the discussion into two groups—creationists and evolutionists—and leave it at that. Some on both sides of the issue would like to do exactly ...

What Is the Difference Between Creation, Evolution, and

Research consistently shows that many vitamin and antioxidant supplements either don't work or are even harmful, and whole foods are most effective.
