Answer the questions briefly, with the most precise information known, or give the best description you can. You must answer each question accurately and carefully, to the best of your knowledge.

Lower Tolt River Floodplain Reconnection Project

The TOLT test evaluates five reasoning abilities which have relevance to the teaching of science/physics. It is a multiple choice test that provides multiple justifications for the selected answer. The TOLT test contains two items from each of the following: proportional reasoning, probabilistic reasoning, controlling variable, correlational reasoning, and combinatorial reasoning.
