The following section is designed to provide materials, readings, and approaches to assessment and therapy for speech-language pathologists who work with people who stutter.

Therapy materials - Minnesota State University, Mankato

Speech perception is the process by which the sounds of language are heard, interpreted and understood. The study of speech perception is closely linked to the fields of phonology and phonetics in linguistics and cognitive psychology and perception in psychology. Research in speech perception seeks to understand how human listeners recognize speech sounds and use this information to understand ...

Welcome to the Citrix Community - Citrix

This flight was made out in the open with all the possibilities of failure, which would have been damaging to our country's prestige. Because great risks were taken in that regard, it seems to me that we have some right to claim that this open society of ours which risked much, gained much.

John F. Kennedy - Wikiquote

As higher education government relations professionals prepare for the 2018 state legislative sessions, a host of political, economic, demographic, and technological changes have ushered in a new, more complicated era for advancing the public higher education agenda.
